

# Sustainability Leadership Programme

## By

### WiLAT Capacity Building Center

### Objectives

The Chartered Institute of Logistics and Transport (CILT) sets the highest standards of professional practice for the industry through education, comprehensive qualification framework, professional grades and continuing professional development.

The Sustainability Leadership programme is designed by WiLAT Global to provide a unique opportunity for managers of the industry to develop an overall picture on sustainability and the latest industry trends, learn from experience of senior executives in the trade and build their social network with other high flyers in the industry.

The programme aims at preparing managers undertake a leadership role in their organization's initiatives towards sustainability.

### Certification (Assessment-Based):

- CPD (Continuous Professional Development) International Certification (8 out of 10 topics)

### Duration per session:

120 minutes (90 minutes lecture + 30 minutes breakout workshop)

### Language of Delivery:

English

### Date & Time:

Wednesdays at 5pm (GZMT+8)

### Target Audience

Management in supply chain, logistics and transport industry. Practitioners leading sustainability projects. And those would like to formalize the sustainability effort into a ESG report.

### Approach

- A 10-week programme comprising a series of empirical lectures and moderated discussion.
- A comprehensive set of current topics chosen by a panel of trade and academic experts.
- Distinguished leaders from the industry invited as speakers.
- Unique arrangement for in-depth discussion with senior executives.
- Interactive online workshops with participants around the globe to enhance learning experience.

### Assessment:

For CPD Certification: Circa 1500 words of application report demonstrating the tools learnt in class including the establishment of materiality chart and two measurable ESG report targets for your organization
