103 Hennessy Road,
Wanchai, Hong Kong

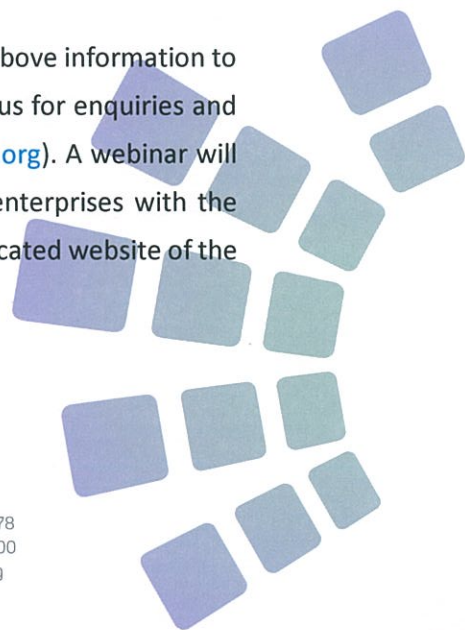

Dear Chairperson,

Launch of Pilot Subsidy Scheme for Third-party Logistics Service Providers

To enhance Hong Kong's role as the regional logistics hub, the Government of the Hong Kong Special Administrative Region announced on 28 September 2020 that the Pilot Subsidy Scheme for Third-party Logistics Service Providers (the Pilot Scheme) would be launched on 12 October 2020 (Monday). The link of the Government's press release is as follows: <https://www.info.gov.hk/gia/general/202009/28/P2020092800237.htm>. We are pleased to inform you that the Hong Kong Productivity Council (HKPC) has been engaged by the Transport and Housing Bureau (THB) as the Implementation Partner, providing secretarial service for the Pilot Scheme.

The application of technology has become increasingly important in the development of the logistics industry. The HK\$300 million Pilot Scheme, by providing financial assistance to third-party logistics service providers on a 1:1 matching basis, aims to encourage the logistics industry to enhance productivity through the application of technology. Each applicant enterprise may be granted a maximum of HK\$1 million subsidy. For details, please refer to the dedicated website of the Pilot Scheme (tplsp.hkpc.org). The Guide to Application for the Pilot Scheme and the Application form will be available on the dedicated website shortly.

On behalf of THB, we appeal for your support to disseminate the above information to your members. Interested applicant enterprises are welcome to contact us for enquiries and submission of applications (Tel: +852 2788 6077; Email: tplsp_sec@hkpc.org). A webinar will also be organised in the coming weeks to provide potential applicant enterprises with the necessary information. Details of the webinar will be available on the dedicated website of the Pilot Scheme shortly.

Thank you for your kind support.

Best regards,

Hong Kong Productivity Council

Secretariat of the Pilot Subsidy Scheme for Third-party Logistics Service Providers
