ABOUT CILT

The Chartered Institute of Logistics and Transport supports the professionals who plan the systems, bring in the raw materials, manage the movement of people and goods, ensure safety standards, maintain mobility and keep the economy working.

We are the leading professional body for everyone working in the supply chain, logistics and transport. We are a global family representing professionals at all levels in all sectors, dedicated to providing individuals and organizations with access to the tools, knowledge and connections vital to success in the logistics and transport industry.

Founded in 1919 with a mission to improve industry practices and nurture talent, the Institute today has grown to encompass more than 36,000 members in over 40 countries around the globe. Through our educational suite, our strong community and our reputation for high standards, we help professionals to develop their careers, maintain their relevance and provide a pathway for access to better jobs.

ABOUT THIS EVENT

The CILT International Conference will be the largest international gathering of professionals from the supply chain, transport and logistics industry in 2022.

The themes for the 2022 International Conference will showcase Australia's massive logistics operations, niche (and very innovative) passenger transport, together with those warehousing, distribution and manufacturers who support these crucial activities. Speakers will deliver case studies and views from an operational, productivity and sustainability viewpoint across a diverse program.

Delegates will be able to meet and hear from some of Australia's young and successful transport entrepreneurs and hear what leading women in the industry have achieved both nationally and internationally.

WHY YOU SHOULD ATTEND?

TAKE OPPORTUNITY

Take advantage of the opportunity to interact and network with over 300 global professionals working in the industry

GAIN MORE INFORMATION

Gain a first-hand understanding of some of the innovations impacting the Supply Chain, Logistics and Transport Industries globally

BUILD STRONG GLOBAL NETWORK

Utilise the opportunity to build some international connections through networking opportunities provided throughout the entire program

Feedback from past attendees - CILT International Conference 2019

"It's the opportunity to network as we find out what's going on globally within the industry"

"Bringing together the leading minds in logistics, operations management and in transport. CILT's goal is to lead that charge for change"

"It's a really important opportunity for all of us to learn, that's what we are here to do"

"There is a massive opportunity for people entering this profession to take up effective roles, but if they are willing to move and take challenges - we'll give them a career for life "

"Diversity and inclusion are now far higher on the agenda in terms of strategy and competitive advantage. Success can be forged for women and men, but for women in particular who can see a different trajectory"

SPEAKERS

Professionals from the supply chain, logistics and transport sectors will share their insights into the industry including the latest innovations and trends to address the current and future challenges.

TECHNICAL TOURS

The technical tour program will be hosted on 26 October 2022, departing from the Hyatt Regency Perth at approximately 9:30 am and returning to the hotel approximately 12:30 pm.

You will have the option of joining for one of the following tours:

Tour 1: Kewdale and Road Train

Opportunity to view a large heavy load about to be escorted to mine site as well as a Road Train.

Tour 2: Fremantle Port Tour

The Port of Fremantle operates through two harbours. The Inner Harbour at Fremantle handles almost all of the container trade for Western Australia. It also provides facilities for livestock exports, motor vehicle imports, other general cargo trades, cruise ships and visiting naval vessels.
