

CILTHK 55<sup>th</sup> Anniversary  
Executive Luncheon  
Series 2023 - Session 04

Improving Governance at the District Level  
+ Cooperation with the Mainland

In recent years, there had been acts in district councils going against and beyond their statutory functions as district advisory bodies. The government has to reform the district councils, review and streamline the district governance structure so as to improve the efficacy of district governance and respond to public demands.

Making good use of her unique advantages, Hong Kong has played and will continue to play a significant role in the development of China.
