Issue **88**

September 2022 - June 2023

Ir Dr Kelvin Leung, FCILT

Message from the President

To our dearest members,

Welcome to the CILTHK Newsletter. It is my great honour being elected as President to serve CILTHK for the term 2022-2024. I recalled the current Council started in last October when things were beginning to resume to normalcy after COVID in Hong Kong. Thanks to the solid foundation laid down by the last Council under the leadership of

our past President, Ir Dr Vincent Fong, we could manage to immediate resume the plans disrupted or shelved by COVID in the last two years.

However, there were some personnel changes at our CILT office. Ms Harriet Leung, our Executive Manager entered her well-deserved retirement on 1 October 2022 and there were some resignations of our Officers due to the on-going job market situation in Hong Kong. I am pleased to introduce our new member of the CILTHK Office, namely Ms Fanny Chan, our Executive Manager, who oversee the operation of CILTHK Office.

Our 1st Council Meeting has been held on 25 October 2022 and the Chairpersons of the Council Committees for the session 2022-2024 have been appointed:

Standing Committee	Ir Dr Kelvin KY LEUNG, FCILT
Administration Committee	Mr Joseph CF TSUI, FCILT
Education & Training Committee	Dr Peter CC WONG, FCILT
Finance Committee	Ms Carolina LC YIP, FCILT
Gala Dinner Organising Committee	Hon Frankie CM YICK, FCILT

Logistics Policy Committee	Mr Keno TY CHEUNG, FCILT
Membership Committee	Mr LEUNG Kong-yui, FCILT
Next Generation Committee	Mr Frankie YH FONG, FCILT
Professional Activities Committee	Mr Brian PH WU, FCILT
Publication Committee	Ir Dr David CS HO, FCILT
Quality Assurance Committee	Prof Anthony GO YEH, FCILT
Transport Policy Committee	Prof Ir Sam MS CHOW, FCILT
Women in Logistics & Transport, HK	Ms Carmen WC LI, FCILT

The 2022-2024 CILTHK Council

President

Ir Dr Kelvin KY LEUNG, FCILT

Immediate Past President

Ir Dr Vincent P FONG, FCILT

Vice Presidents

Ms Anna YH HONG, FCILT

Dr Isaac KC NG, FCILT

Ir Prof Paul HY TSUI, FCILT

Honorary Secretary

Mr Joseph CF TSUI, FCILT

Honorary Treasurer

Ms Carolina LC YIP, FCILT

Council Members

Dr Alex PY CHAN, FCILT

Dr Timothy HD CHENG, FCILT

Miss Sonia MY CHENG, CMILT

Mr Keno TY CHEUNG, FCILT

Prof Ir Sam MS CHOW, FCILT

Ir Dr Venus YH Lun, FCILT

Dr Alex CHAN, FCILT

Ir Prof Philip CHAN, FCILT

Mr Esum TS CHOI, CMILT

Mr Jacka CK HO, FCILT

Ms Carmen WC LI, FCILT

Mr Joseph CF TSUI, FCILT

The Council and I are aspiring to boost further the value proposition of the Institute for our members, primarily by organising more professional and social activities, and better position the reputation and recognition of CILTHK so that we all feel belonged to and proud of being part of CILTHK. Needless to say, the most immediate priority for us now is the celebration of the 55th Anniversary of CILTHK. We are organising various events and activities for this year-long celebration. The pre-cursor event of the 10th Anniversary Dinner of WILAT HK took place in Hong Kong Parkview on 23 November 2022. It was attended by more than 100 members and guests. For the first time in CILTHK history, we have organised a series of Executive Luncheons with distinguished guest speakers. So far we have held three luncheons on 21 March, 22 May and 27 June this year inviting Ms Louise Ho Pui Shan, Commissioner of Customs and Excise HKSAR Government, Mr Chris Tang Ping Keung, Secretary of Security HKSAR Government, and Mr Algernon Yau Ying Wah, Secretary of Commerce and Economic Development HKSAR Government respectively. The occasions provided our members the chance to meet and speak to the officials in person and get to learn of some of the interesting stories not usually covered in the media regarding how the various bureaus and departments formulate policies.

Aside from the Executive Luncheons, we have organised various webinars/seminars, for example the “Net Zero Transition in the Transportation and Logistics Industry” Webinar on 25 October 2022, the “Cyber Risk Solution to Marine Industry” Webinar for Hong Kong Maritime Week 2022 on 22 November 2022, “CILTHK 2-day Course 2022” jointly organised with HKARMS, HKIE, IPSHK and IMechE and the “Trade and Facilitation Schemes” by the Hong Kong Customs and Excise Department

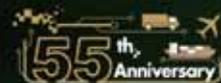

of the HKSAR Government on 5 June 2023, just to name a few. Several visits were also arranged since the COVID restrictions were removed e.g. Technical Visit to HKIA on 15 June 2023 and total 20 participants joined the visit.

At the same time, we are continuing to be vocal about our views and positions on all related policies such as the “Import and Export (Amendment) Bill 2023”, the proposed amendments to the “Protection of the Harbour Ordinance”, “Cycle Track between Tsuen Wan Bayview and So Kwun Wat”, “Kau Yi Chau Artificial Islands Scheme”, “Road Harbour Crossing Toll Proposal”, “Strategic Studies on Railways and Major Roads beyond 2030” and etc. by submitting our formal views to the bureaus and departments concerned as well issuing press releases. In addition, we are also addressing to other research topics, for instance, a press conference was held last year about the “Northern Metropolis and West Tuen Mun Land Use for Logistics” and a WILAT seminar was held on 20 July 2023 on the topic of “Diversity and Inclusion”.

Equally important is our reinforced focus on our Next Generation – the future of CILTHK. Many activities are being planned and organised by our NG Committee and please watch this space! Lastly, please mark down two very important dates on your calendars: the CILTHK AGM on 7 September 2023 and the Gala Dinner - finale event of the 55th Anniversary celebration on 2 November 2023. I would like to end my message with one plea: be proud of being a CILTHK member and please help promote to your friends and colleagues to join our family too!

The Chartered
Institute of Logistics
and Transport

Please join us CILTHK
55th Anniversary Celebration

Guest of Honour

CILT International Conference 2022

Chartered Institute of Logistics and Transport International Conference 2022 | Perth Australia

Affected by the global pandemic, the CILT International Conference was held after a span of 3 years. The last International Centenary Convention was held in Manchester in 2019.

The international presidency had also changed from Dato Razak Malek to Mr Paul Sainthouse. Mr Mark Armitage, our new Secretary General, attended the International Conference for the

first time. We thanked Dato personally for his leadership during his 2 years of presidency during the pandemic with unique experience in linking up via Zoom.

The hosting country was CILT Australia and a successful conference was held on a timely topic 'On-demand logistics for the world of tomorrow' to show case Australia's massive logistics operations, niche (and very innovative) passenger transport. We were warmly welcomed by Ms Karen Walsh, CEO CILT Australia and Dr Kim Hassal, National Chairman CILT Australia.

Ms Vicky Koo and Dr Dorothy Chan attended IMC meeting chaired by Chief Teete Owusu-Nortey and Dr Dorothy Chan also took part in the Council of Trustees (COT) meeting chaired by Mr Paul Sainthouse as COT advisor. Dr Venus Lun, International Vice President East Asia joined via Zoom.

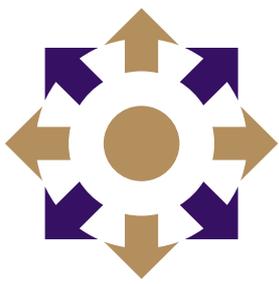

Three discussion sessions were held including WiLAT Global Council Meeting, WiLAT Steering Committee meeting and WiLAT Strategy Meeting and including a presentation by Ms Vicky Koo on WiLAT Capacity Building Centre. Certificates of Appreciation were presented by WiLAT Global Chairperson to Ms Vicky Koo for her past service as Deputy Global Chairperson and to Mr Kenneth Law and Ms Gloria Kwan from Hong Kong for their contribution to the event and to the 10th Anniversary publication.

There was a good representation from Women in the Chartered Institute of Logistics and Transport (WiLAT) to celebrate its 10th Anniversary. WiLAT Hong Kong delegation celebrated the occasion by presenting WiLAT's 10th Anniversary publication 'Spreading our Wings' <https://www.wilat.org/webook-sow>. The publication was overseen by Dr Dorothy Chan, Hon Fellow and Immediate Past Chairperson of Global WiLAT who launched WiLAT in 2013 as CILT International President.

resilience of the Institute, the strength of the supply chain and logistics sector in coping with a changing world and the outstanding performance put up by transport operators in maintaining mobility, health and safety.

We are Stronger Together!

CILT International Conference 2022

Congratulations to Mr Philip Yeung, CMILT CILT International Young Achiever of the Year 2022

The CILT International Conference 2022, held in Perth, Australia, was an inspiring event. As the largest international gathering of professionals from the supply chain, transport, and logistics industry, the conference offered a vibrant showcase of diverse perspectives. The agenda weaved a fascinating tapestry of innovation and thought leadership, featuring operational, productivity, and sustainability case studies such as Australia's massive logistics operations and innovative passenger transport sectors.

The highlight of the event was the Gala Dinner, where I was deeply honored to receive the prestigious CILT International Young Achiever of the Year 2022. This significant award marked a milestone in my professional career and served as a testament to the dedication and hard work I've committed to the logistics and transport industry. I am profoundly grateful to CILTHK for their unconditional support and the opportunity to represent Hong Kong on this esteemed global stage.

The dinner was more than just an award ceremony – it was a melting pot of cultural exchange and professional networking. Top-level transport and logistics specialists from around the globe were present, all coming from diverse backgrounds but bound by a shared passion for driving innovation and progress in our industry. The atmosphere was joyful, with dance, music, and performances fueling an unforgettable night of celebration.

Beyond the conference, the extraordinary landscape of Perth, intertwined with modern innovation, provided an inspiring backdrop to the transformative power of logistics and transport. Perth is the closest Australian city to several major Asian markets, making it a strategic gateway for trade within the Asia-Pacific region. Its primary maritime commercial port, the Port of Fremantle, has undergone expansions to support the growing logistics demands. Moreover, significant upgrades to road and rail networks showcase the city's commitment to infrastructure development.

In conclusion, my experience at the CILT International Conference 2022 has been truly enriching. The honor of being recognised among such accomplished professionals, the inspiration drawn from a global gathering, and the vibrancy of the global logistics and transport city, are memories I will treasure. I extend my heartfelt gratitude to CILT Hong Kong for their faith in me and the opportunity to represent Hong Kong on such a prominent international platform.

Logistics Policy Committee

The Chartered Institute of Logistics and Transport in Hong Kong supports legislative proposals under Import and Export (Amendment) Bill 2023 for transshipment of alternative smoking products

The Chartered Institute of Logistics and Transport in Hong Kong (CILTHK) supports the legislative proposals under the Import and Export (Amendment) Bill 2023 (the Bill) as announced by the Government yesterday (22 March 2023) for transshipment of alternative smoking products (ASPs). It aimed at seeking the resumption of the transshipment of ASPs from the Mainland via Hong Kong International Airport to overseas markets under a new control and regulatory regime.

CILTHK welcomes the Government's attention to the prohibition of intermodal transport of ASPs, which has caused huge losses to Hong Kong's air cargo transshipment industry, as well as Hong Kong's overall economy, especially air cargo exports. After the relaxation of restrictions on transshipment, the industry will fully cooperate with the Government in implementing the new

control scheme that will be managed, supervised and enforced by the Customs and Excise Department, so as to strengthen the supervision on intermodal ASP transshipment and prevent alternative cigarettes from entering the market.

The Institute looks forward to the resumption of the intermodal ASP transshipment via Hong Kong as soon as possible, so as to consolidate Hong Kong's position as an international aviation hub as prescribed in the "Outline of the Fourteenth Five-Year Plan for the National Economic and Social Development of the People's Republic of China and the Long-Range Objectives Through the Year 2035".

Press Release: <https://www.cilt.org.hk/en-us/News/Detail.aspx?id=148>

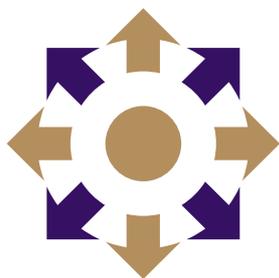

Annual General Meeting 2023 of the Chartered Institute of Logistics and Transport in Hong Kong

The Annual General Meeting (AGM) of the Institute will be held as follows:

Date: 7 September 2023 (Thursday)
Time: 7:00pm (follows by a buffet dinner at around 8:15pm)
Venue: Function Rooms, 2/F, The Harbourview,
4 Harbour Road, Wanchai, Hong Kong

Corresponding Notice of the CILTHK AGM 2023 is being served to all members through email in mid-August 2023 and copy of it and Proxy Form are available at the Institute website www.cilgt.org.hk. The Annual Report of the CILTHK Council 2022/2023 and the Auditor's Report for the year ending 31 December 2022 are accessible through 'Member Login' from the Institute website.

This is the first time since 2020 that we have resumed the dinner gathering after AGM. On behalf of the Council, please mark your diary so that you can meet with old and new friends at the AGM and the dinner to be followed.

Transport Policy Committee

The Chartered Institute of Logistics and Transport in Hong Kong supports HKSAR Government on new toll plans for three road harbour crossings on 2 August 2023

The Chartered Institute of Logistics and Transport in Hong Kong (CILTHK) would like to express our support to the Government's new toll plans for three road harbour crossings to rationalise cross-harbour traffic and alleviate congestion at such crossings, after its takeover of the Western Harbour Crossing (WHC) franchise on 2 August 2023.

We could see that the flat rates for all tunnels during normal and off-peak hours could lead to drivers' choice on tunnels based on route distance rather than distorted by toll level.

A surcharge during peak hours could also reduce the usage of private cars could effectively reduce the traffic congestion for the cross harbour tunnels.

At the same time, the Institute would like to point out that reducing traffic congestion will not only improve public transport services, but also benefit most citizens.

Press Release: <https://www.cilt.org.hk/en-us/News/Detail.aspx?id=149>

The Chartered Institute of Logistics and Transport in Hong Kong fully supports the Kau Yi Chau Artificial Islands project and the proposed fourth cross-harbour tunnel

The Chartered Institute of Logistics and Transport in Hong Kong (CILTHK) fully supports the government's proposal on the Kau Yi Chau Artificial Islands project and the proposed fourth cross-harbour tunnel.

Kau Yi Chau Artificial Islands will provide sufficient land for Hong Kong to improve its living environment, enhancing economic development, and hence crucial to securing Hong Kong's position as a leading global city.

The fourth cross-harbour tunnel proposal will also fundamentally relieve the traffic pressures on the existing road network and strengthen the resilience of Hong Kong Road Network. Moreover, the proposed development can become a

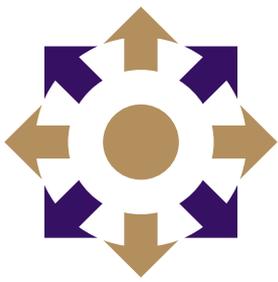

crucial transport corridor for Hong Kong to connect with the other cities in the Guangdong-Hong Kong-Macao Greater Bay Area, and strengthening the connection between Hong Kong and the rest of the Guangdong-Hong Kong-Macao Greater Bay Area.

In conclusion, the Institute believes that the Kau Yi Chau Artificial Islands project and the proposed fourth cross-harbour tunnel can largely enhance the transport infrastructure of Hong Kong, bringing strong support to the further development of Hong Kong, and improving the well-being of Hong Kong citizens.

Press Release: <https://www.cilt.org.hk/en-us/News/Detail.aspx?id=151>

Professional Activities Committee

CILTHK Webinar: Net Zero Transition in Transportation and Logistics Industry, 25 October 2022

Riding on the discussions among transport and logistics industry players in the Industry Session of the past HKIE Environmental Division Annual Forum 2022 – Engineering Net Zero Transition, the Institute has organised another event to take lead for a more in-depth discussion on the topic. During the webinar, the role of the logistics and transportation industry players in a new eco-system that could help Hong Kong's net zero transition was discussed. Different stakeholders in the industry were invited to share how, what and when their innovative solutions have been putting into practice in the areas of sea, land and air. Furthermore, a SME representative shared his views for adopting green transport and logistics from a SME perspective.

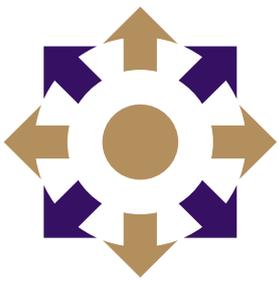

- Introduction and Overview of Greenhouse Gas Emissions by Ir Dr Kelvin Leung, President, CILTHK; CEO, DHL Global Forwarding Asia Pacific
- Hong Kong International Airport 2050 Net Zero Carbon Target by Ms Kristy Tan, Senior Manager - Sustainability, Airport Authority Hong Kong
- MTR's Decarbonisation Plan by Ms Jessica Chan, Head of Sustainability, MTR Corporation
- Logistics and Transport - a SME Perspective by Mr Eric Wong, Director and CEO, Marine Container Lines (HK) Ltd.
- Citybus #MissionZero - Our Journey towards a zero-emission future by Ir Vincent Fung, Operations and Engineering Director, Citybus Ltd.

Hong Kong Maritime Week 2022 CILTHK Webinar: Cyber Risk Solutions to Marine Industry, 22 November 2022

In supporting the Hong Kong Maritime Week 2022 led by the Hong Kong Maritime and Port Board HKSAR Government, the Institute introduced a webinar delivered by Mr Rory Young, Cyber Practice leader of Marsh Hong Kong on 'Cyber Risk Solutions to Marine Industry'. Mr Young shared the technological exposure in logistics industry, its impact to logistics company when they suffer a cyber incident, the cyber coverage gap in traditional insurance policy and how cyber insurance can help to close the coverage gap.

Professional Activities Committee

CILTHK 2-day Course 2022: Commercial Contract Law, 10 & 17 December 2022

The Institute welcomed the three distinguished speakers in sharing topics of commercial contract law with our members and other audiences from HKARMS, HKIE-LT Div, HKIE-MMNC Div, IMechE and IPSHK.

- Mr Danny Mok, Maritime & Commercial Arbitrator
- Dr David Fong, Barrister of Harcourt Chambers
- Mr Ronald Sum, Partner in Baker McKenzie's Hong Kong

On the two Saturday mornings, the three speakers cited cases, explained the profound things in simple terms. The following topics were covered:

- Enforcement of Arbitral Awards and Online dispute Resolution
- Navigating the legal Mindfields in Commercial Contract Law

CILTHK 55th Anniversary Executive Luncheon Series

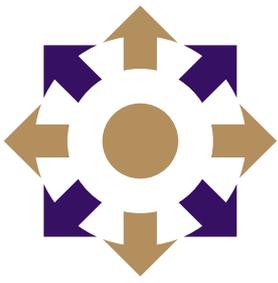

The Chartered Institute of Logistics and Transport in Hong Kong (CILTHK), founded in 1968, is celebrating its 55th Anniversary this year. To commemorate this momentous occasion, the Institute organises a 55th Anniversary Luncheon Series to provide a platform for nurturing close and long-standing relationships between the government and the transport and logistics industry. It aims to drive the industry to stay competitive in Hong Kong and the Greater Bay Area, and, by extension, in the rest of the world.

Session 01: The Mission and Role of Hong Kong Customs in Trade Facilitation, 21 March 2023

Ms Louise Ho, the Commissioner of Customs and Excise, shared how Hong Kong Customs applies advanced technology and port infrastructure to help Hong Kong strengthen its intermodal transport, leverage its advantages in handling high-value goods, and consolidate Hong Kong's leading position as a regional logistics hub in the Greater Bay Area and facilitates local logistics industry to promote the development of high-end and high value-added logistics services through various trade facilitation programmes.

Ms Louise Ho, the Commissioner of Customs and Excise (left) and Mr Dr Kelvin Leung, the President of CILTHK (right)

Professional Activities Committee

Session 02: Making Miracles - A Story of the HK Rescue Team in Türkiye, 22 May 2023

Mr Tang Ping-keung, the Secretary for Security, shared the rescue mission and stories of HKSAR search and rescue team in the recent Türkiye earthquake. Through this special mission, we could see how the team raced against time to save lives despite facing with difficult conditions. With love, perseverance and the support from our country, the team completed the first overseas rescue mission of HKSAR by rescuing survivors successfully.

Mr Tang Ping-keung, the Secretary for Security (left) and Ir Dr Kelvin Leung, the President of CILTHK (middle) and Ir Prof Vincent Ho, the Vice Chair of PAC (right)

Session 03: Trade Facilitation Measures to Strengthen Hong Kong's Status as an International Trade Centre, 27 June 2023

Mr Algernon Yau, the Secretary for Commerce and Economic Development, shared the latest updates of various policies to strengthen Hong Kong's status as a prominent international trade centre and logistics hub, for example the development of various trade facilitation measures in Hong Kong, including the Trade Single Window, infrastructure development such as the redevelopment of the Air Mail Centre as well as liberalisation measures under the Mainland and Hong Kong Closer Economic Partnership Arrangement.

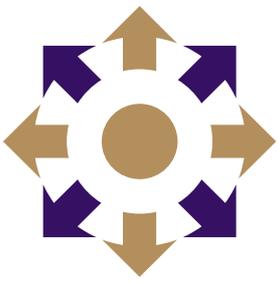

Ir Dr Kelvin Leung, the President of CILTHK (left) and Mr Algernon Yau, the Secretary for Commerce and Economic Development (right)

CILTHK Webinar: C&ED Trade Facilitation Schemes, 5 June 2023

CILTHK co-organised this online event with Customs & Excise Department HKSAR Government (C&ED, HKSARG) and supported by HAFFA, HKIUS and IPSHK to introduce the trade facilitation schemes of Hong Kong Customs & Excise Department. We thanked very much to the three Inspectors from the C&ED HKSARG in conducting the webinar.

Ir Dr Kelvin Leung, the President of CILTHK (top left); Ms Szeto Mu Han, the speaker of Session 1 (top right); Mr Wan Lai Wai, the speaker of Session 2 (bottom left); Ms Wong Ka Man, the speaker of Session 3 (bottom right)

Professional Activities Committee

CILTHK Webinar: C&ED Trade Facilitation Schemes Session 01: Exploring global business opportunities with the HKAEO Programme

Ms Szeto Mu Han, Senior Inspector of Office of Trade Relations and Public Communication, introduced the Hong Kong Authorized Economic Operator (HKAEO) Programme. HKAEO formally launched in April 2012, is administered by the Customs and Excise Department (C&ED) under a free, open, and voluntary certification regime. In full compliance with the World Customs Organization's SAFE Framework of Standards to secure and facilitate global trade, the Programme aims to

enhance international supply chain security and facilitate movement of legitimate goods, with a view to strengthening the competitiveness and marketability of HKAEOs in overseas market. Local companies involving in the supply chain activities, having complied with the pre-determined general and security criteria, will be accredited as HKAEO, and will enjoy multiple benefits.

Session 02: Enjoy preferential tariff under Customs FTA Scheme

Mr Wan Lai Wai, Inspector of Ports and Maritime Command, introduced the Free Trade Agreement Transshipment Facilitation Scheme (FTA Scheme). FTA Scheme is a voluntary scheme which facilitates goods passing through Hong Kong to enjoy tariff concessions provided under Free Trade Agreements

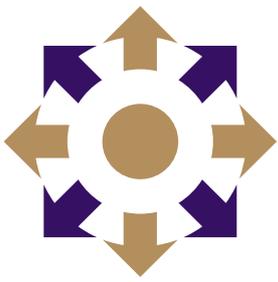

between the Mainland of China and other economies. Customs supervision service and Certificate of Non-manipulation are provided under the Scheme to certify that relevant cargoes have not undergone processing during their stay in Hong Kong.

Session 03: Briefing on Single E-Lock Scheme

Ms Wong Ka Man, Inspector of Land Boundary Command, introduced the Single E-lock Scheme. Single E-lock Scheme was formally launched in March 2016. Under the Scheme, Mainland Customs and Hong Kong Customs monitor and safeguard the security of the transshipment cargo by means of one single electronic lock (e-lock) and global positioning system technology on the principle of 'Across the Boundary with One

Single E-lock under Separate Monitoring'. By using a single e-lock, duplicate inspection on the same shipment by both Customs authorities will be reduced at land boundary control points, which helps to streamline the clearance process and expedite the flow of transshipment cargo. It also saves time and cost for the industry and enhances their competitiveness in the market.

Education & Training Committee

CILTHK Luncheon Seminar: Supply Chain Management – Logistics Resilience, 18 November 2022

Disruption to Supply Chains is inherent in the system, but the incidence triggered by the COVID-19 pandemic in 2020 followed by the Russo-Ukrainian War in 2022 has been as devastating as it is unprecedented. And the resulting operational challenges to transport and logistics practitioners have been massive and lasting. The situation is relentlessly exacerbated by the ongoing Climate Change. Mr Eric Wong, FCILT addressed the following questions during the seminar.

- How have the stakeholders been responding to the challenges?
- Who have been the winners and losers?
- How sustainable are the resilient scenarios going forward?

Mr Eric Wong, FCILT, the speaker

Luncheon Seminar: Adaptation of SMART Maintenance Technologies to Support SMART Railway Operations, 24 March 2023

SMART Railway maintenance is crucial for the operations of current MTR SMART railway systems, as these are subject to strict requirements in terms of efficiency, cost-effectiveness, quality of service and scalability. Existing solutions for railway maintenance are, traditionally, either reactive or periodical, which are far from optimal. Ir Matthew Tsang, Operation Assurance Manager, China Railway Construction (HK) Ltd, provided an insight into Smart Railway Maintenance technologies, by introducing existing approaches to railway maintenance systems, identifying their limitations with respect to current requirements, presenting technologies with potential for supporting future Smart Railway Maintenance systems.

Ir Matthew Tsang, the speaker (left) and Dr Peter Wong, Chairman of E&T (right)

Luncheon Seminar: Station Operations (Incident Handling), 28 April 2023

Running the safest train services is the most important vision in railway industry. The function of station operation is to deliver the services that ensure passengers using the network in a safe, reliable and comfortable environment. They include managing the systems to keep the rail network working and passengers' behaviour to keep passengers safe. Ms Jennifer Lui, former Assistant Training Manager of MTR Corporation Ltd. was invited again to share some station operations from daily event to incident/accident for in the seminar.

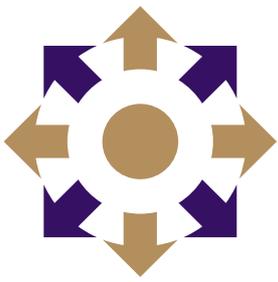

Ms Jennifer Lui, the speaker (left) and Dr Peter Wong, Chairman of E&T (right)

Luncheon Seminar: MTR Bus Operations, 18 May 2023

The purpose of this webinar is to share the development of MTR Bus Operations. Through the sharing, the participants are able to know the MTR actual bus operations in the areas of North East New Territories (NENT) and North West New Territories (NWNT) as well as its best practices and challenges. We were pleased to have Mr Benson Chan, former Station Services Manager of West Rail Line and Ma On Shan Line in MTR, to share the topic and his experience with us.

Mr Benson Chan, the speaker

Education & Training Committee

CILTHK Student Day 2023

The CILTHK Student Day 2023 was held successfully at the University of Hong Kong on 11 March 2023, be held again physically since 2019. The competition was firstly launched in 1997. This year, there were seven teams from local universities and tertiary institutions competed for the Champion title. For the very first time, Hong Kong Metropolitan University won the Championship and received the Champion honor!

The participating teams drew their questions by lots two days before the event. The professional judging panel assessed the performance of each team one by one and conducted a Q&A session to evaluate the validity of their findings and arguments. Our judges provided very valuable insights and comments aftermath on the team performances and their presentation quality. In order to provide a fair competition, the identity of each team was not disclosed to the judge panel until

Representatives from HKMU team received the Champion Cup and Trophy from Ir Dr Vincent Fong, Immediate Past President of CILTHK (far right)

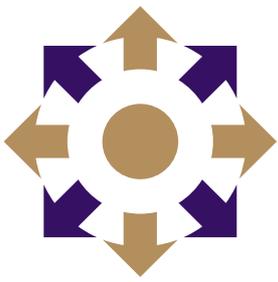

the result was announced. At the end of the competition, Hong Kong Metropolitan University won the Champion, followed by The Hang Seng University of Hong Kong (1st Runner-up) and The Chinese University of Hong Kong (2nd Runner-up).

Congratulations to all winners!

Judging Panel of the CILTHK Student Day 2023

- Ir Dr Vincent Fong (Chief Judge), Immediate Past President of CILTHK
- Capt Cheung Tai-kee – Chairman of Directors Board, Hong Kong & Kowloon Ferry Holdings Ltd.
- Ms Anita Ting – General Manager, CMA CGM (Hong Kong) Ltd.
- Mr Law Lap-keung – Assistant Director/ Planning and Services of Marine Department, HKSAR Government
- Dr Kenneth Wong – Commercial Director, South China Hutchison Port Holdings Ltd.

Awards	Names of Universities/ Colleges	Presenting Case
Champion	Hong Kong Metropolitan University	Discuss the factors leading to the increasing importance of cyber security and risk management in international shipping. Is Hong Kong ready to manage cyber security risks in the shipping context?
First Runner-up	The Hang Seng University of Hong Kong	Make your suggestions to maritime industry stakeholders on how to strengthen Hong Kong port's connectivity, handling capacity together with operation and cost competitiveness against other Asian ports so as to maintain its status as a strategic transshipment hub.
Second Runner-up	The Chinese University of Hong Kong	How have the COVID-19 pandemic and Russia's invasion of Ukraine been reshaping the global seaborne trade routes of the energy commodity market?
Merits (in no particular order)	The Hong Kong Polytechnic University	What scaffolding strategies can you advise the Financial Secretary to solidify and proliferate maritime services such as marine arbitration, shipping management, marine insurance and financing in Hong Kong?
	HKU SPACE Community College	Address the prominent challenges and opportunities brought by technological advances and green initiatives for recruiting the young generation to sustain the shipping industry in Hong Kong?
	The University of Hong Kong	Discuss the impact on port operations and infrastructure requirements brought by the rapid growth of enormous container ships in recent years.
	UOW College Hong Kong	Assess the opportunities and challenges for ship-owners to comply with EEXI and CII in de-carbonising international shipping introduced by IMO's Marine Environment Protection Committee (MEPC) on 1 st January 2023.

Education & Training Committee

The 21st CILTHK Essay Competition

This year, the CILTHK Essay Competition aims to inspire the secondary school students their interest in the maritime industry. The Institute received over 140 submissions from more than 25 schools. Topics of junior level competition focused on Hong Kong local maritime industry, while senior level zoomed out to The Greater Bay Area, learning about maritime from homeland and enhanced their analytical skills and creativity. The competition is hoped to increase students' interest to have a better understanding in logistics and transportation industry, and at the same time improving their analytical skills and creativity.

Dr Fion Lee, one of the Judges in the 1st round assessment, commented submissions were various in source of content, written structure and writing styles. As a result, students with detailed research and statistics in topics and rich analysis through multiple social angles could stand out for the awards. The awards were presented during the award presentation ceremony held in conjunction with the CILTHK Student Day 2023 on 11 March 2023.

Topic for the Chinese Junior Group:

「香港離島渡輪服務之我見」

Topic for the Chinese Senior Group:

「港珠澳大橋通行後，現時的高速渡輪服務應否停運？請試論述您的觀點」

Topic for the English Junior Group:

“My review on ferry service for reaching surrounding islands in Hong Kong”

Topic for the English Senior Group:

“After opening the Hong Kong – Zhuhai – Macao Bridge, will the existing high-speed ferry service be expelled from the market? Please discuss your argument points.”

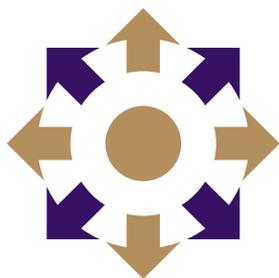

Judging Panels of the 21st CILTHK Student Essay Competition

1st Round Judges

- Dr Fion Lee, Lecturer of UOW College Hong Kong
- Dr Cheng Chun-hung, Director of Research and Technology Development, Logistics and Supply Chain Multitech R&D Centre
- Dr Tai Sik-kwan, Associate Professor of Division of Business and Management, Beijing Normal University-Hong Kong Baptist University United International College
- Mr Owen Tang, Lecturer of Department of Logistics and Maritime Studies, The Hong Kong Polytechnic University

2nd Round Judges

- Mr So Chi-yuen Alex, General Manager of Honour Lane Shipping Ltd. (Qingdao Branch)
- Mr Ho Shiu-chung Joseph, Chief Supervisor of The Cosmetic & Perfumery Association of Hong Kong Ltd.
- Mr Peter Tsang, Director, Business Consulting, InnoBiz Ltd.
- Mr Nicki Yip, Strategic Account Manager - Carrier Sales, Modern Terminals Ltd.

Next Generation Committee

The Technical visit at the Hong Kong International Airport (HKIA) organised by CILTHK Next Generation Committee (NGC) was successfully held on 15 June 2023. We are very honoured to have Mr Chapman Fong, Deputy Director of Airport Operations to be our guest speaker. Chapman introduced HKIA's Airport City development plan and also the cargo strategy of the airport. Our NGC Chairman Mr Frankie Fong also shared the career prospect of the transport and logistics industry. During the tour, participants visited the Integrated Airport Center at the restricted area, the new Innovation Center and the staff community facilities.

Mr Chapman Fong Deputy Director of Airport Operations, AAHK

Quality Assurance Committee

Bachelor of Business Administration with Honours in Global Marketing and Supply Chain Management The Hong Kong Metropolitan University

With the improvement of the COVID-19 pandemic condition in Hong Kong, the usual physical accreditation visit was resumed at The Hong Kong Metropolitan University (HKMU) on 18 October 2022 for carrying out the accreditation assessment of their programme, i.e. Bachelor of Business Administration with Honours in Global Marketing and Supply Chain Management (BBA-GMSCM).

Our Accreditation Board led by Prof George Huang, FCILT; Mr KY Leung, FCILT; and Ir Dr Eugene Wong, CMILT, was invited to visit Lee Shau Kee School of Business and Administration, HKMU to get a better understanding of the programme and to assess its standards and quality. Accreditation Board members were pleased in meeting Prof Alan Au, the Dean of the School, Dr Mandy Li, Associate Dean of the School, Dr Andy Kan, Head of Management and Strategy, Dr Danny Ng, Programme Leader, Dr David Liu, Programme Committee Member, and other

teaching staff involved to learn about the development and future direction of the School, the Department and to discuss the programme related matters.

During the visit, Visiting Board members met with current student and graduate representatives to listen to their feedbacks on the programme. It was found the programme was well-received by students and appreciated by graduates. The Visiting Board members were also pleased to learn from graduate representatives who have started their career in the logistics and supply chain management sectors.

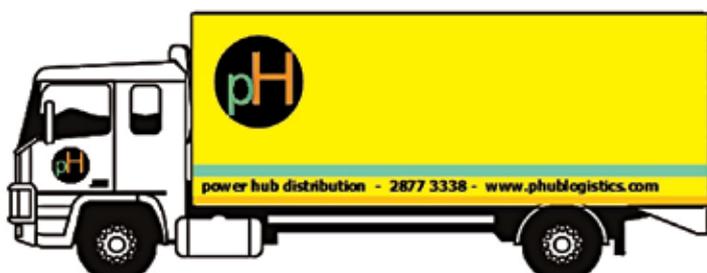

The Institute is pleased in recognising the former provisional full exemption granted for graduates of BBA-GMSCM who were admitted since 2018 and the current term of full exemption applies to students admitted from the 1st intake in 2022 till the last intake in 2026.

WiLAT HK / Global WILAT

WiLAT 10th Anniversary Dinner in Hong Kong, 23 November 2022

A dinner to commemorate the 10th Anniversary of WiLAT Global, with the theme “Spreading our Wings”, was held in Hong Kong on 23 November 2022.

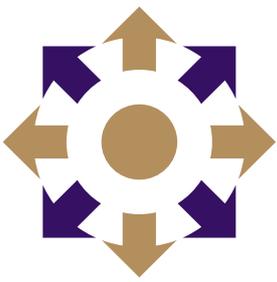

Guests of Honour included Honourable Legislative Councillors, CILTHK President and Councillors, founding members of WiLAT as well as leaders of renowned organisations in the logistics and transport industry. Also present were literal stars – Stars of WiLAT (SOW)! This signature event commemorated the founding of Global WiLAT in 2013 and showcased a classic publication produced for WiLAT’s 10th Anniversary, entitled “Spreading our Wings”, which was launched in the CILT International Conference in Perth in October 2022. Dr Dorothy Chan who spearheaded the production of the publication presented it at the dinner party dressed up in a Nigerian costume to pay tribute to Ms Aisha Ibrahim who initiated the idea of WiLAT.

The lovely evening began with the mingling of guests over the clinking of champagne and red wine glasses, when cameras and iPhones were busy flashing. The zeal and bonding displayed in the ballroom heralded a good start to the new term of WiLAT HK! Ir Dr Kelvin Leung, President of CILTHK, and Dr Dorothy Chan, Immediate Past Chairperson of WiLAT Global, gave welcome and opening remarks, followed by introduction of WiLAT HK and WiLAT Capacity Building Centre (WCBC) respectively by Ms Carmen Li, Chairperson of WiLAT HK, and Ms Vicky Koo, Head of WCBC. Ms Anna Chan and Ms Annie Hung, the two lovely SOW from Hong Kong who attended the Career Advancement and Life Formula (CALF) programme in 2020 were interviewed by Ms Vicky Koo and Ms Cecilia Yeung, Vice Chairperson of WiLAT HK, spoke about the ongoing project on Diversity, Equity and Inclusion (DEI) which is one of the focuses of WiLAT HK going forward.

Icing on the cake for the event was the cutting of a “Spreading of our Wings” cake as well as the playing of interactive games which guests thoroughly enjoyed and even asked for more when the games were over. Another indicator to a party’s success was when the guests were not in the mood to leave when it comes to an end, still chatting in small groups and exchanging business cards - in this case, we knew that most of our guests had had a wonderful time enjoying themselves!

Although the organising committee had to turn on the turbo engine to get the event organised within a short span of time and inevitably under COVID related restrictions, the encouraging outcome made it all worth it! The efforts are well rewarded, and for that, congrats and heartfelt appreciation to each member of the organising committee for a job well done! While the WiLAT HK team fully recognises the big and small challenges ahead, empowered by the inspiring theme of “Spreading our Wings”, we have ushered in the new term with great passion and confidence. On this note, WiLAT HK pledges to grow further both in number and in depth over the coming years – so we say, STRONGER TOGETHER!

WiLAT HK / Global WILAT

Women in Logistics and Transport – Singapore, 30 June 2023 Ms Vicky Koo of Hong Kong became Global WiLAT Chairperson

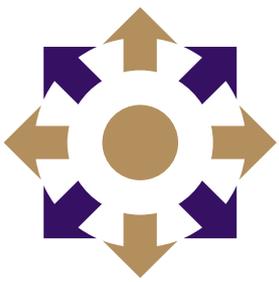

A significant event took place in Singapore on 30 June 2023 as WiLATs bid farewell to Ms Gayani de Alwis of Sri Lanka after completing her three-year term as Global WiLAT Chairperson. She is succeeded by Ms Vicky Koo, Hong Kong who has served Global WiLAT since its inauguration in 2013. Vicky is the champion behind WiLAT Capacity Building Centre and she will lead Global WiLAT in the following three years. Our heartiest congratulations to Vicky who have been inundated with congratulatory messages all over.

In the same evening, WiLAT Singapore under Ms Kelly Lee, WiLAT Singapore Chairperson, hosted a 10th year celebration

dinner on the global launching of WiLAT with over 60 attendees and with the presence of Mr Karmjit Singh, CILT Singapore Chairman and entire CILT Singapore Council.

Mr Kenneth Law, DEI Champion of Global WiLAT, and Ms Carmen Li, WiLAT Hong Kong Chairperson, introduced Hong Kong's Diversity and Inclusion Survey which would be a project for the larger family of WiLAT to conduct. Project Autism was also announced to assist employers to include autistic people to join the workforce of our industry. The project is led by Ms Gayathri Karunanayake from Sri Lanka and Ms Reshma Yousuf from Malaysia.

WiLAT HK / Global WILAT

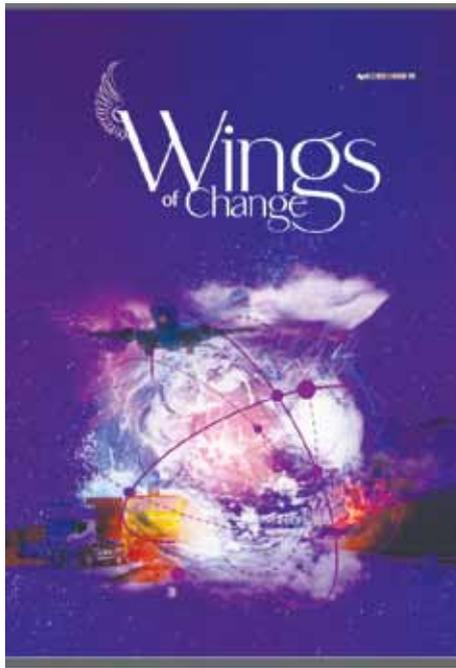

Ms Vicky Koo, Global WiLAT Chairperson's interview at Global WiLAT Newsletter – Wings of Change

Ms Vicky Koo, the then Head of Global WiLAT's Capacity Building Center and Global WILAT Chairperson Designate was interviewed by Ms. Indeevari Chandrasekara, Editor of Wings of Change in the April 2023 edition.

Vicky shared the journey of WCBC establishment based upon the success of CALF programs and the online webinars during the pandemic. WCBC does not just serve the purpose of disseminating industry knowledge and experience by our seasoned CILT Chartered Members and Fellows but also financially supported the local WiLAT chapters; and reaching out to other like-minded organisations.

She has acknowledged Dr Dorothy Chan, Global WiLAT Emeritus Chairperson and Mr Karmjit Singh, CILT Singapore Chairman who mentored her in past decades for successes. She wishes to leverage on WiLAT's global platform of WiLAT to offer more along the DEI initiatives for the logistics and transport industry.

She also appreciates the collective wisdom and passion of our members which are our secrets of success. The 10 years of WiLAT history have given us the confidence to overcome hurdles to make our voice heard. We need to keep the momentum and continue to inspire and create an impact. Let's go forward together hand in hand and leave no one behind.

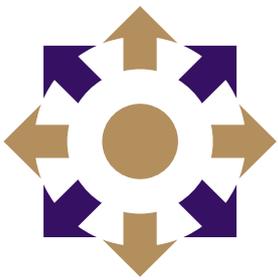

For the full interview content, please visit this weblink: [Wings Of Change | website \(wilat.org\)](https://www.wilat.org)

Institute of Seatransport - Cocktail Reception

The Institute of Seatransport held a cocktail reception on 27 June 2023 in Hong Kong. Ms Carmen Li, Mr Kenneth Law and Ms Alice Yip of WILAT HK attended the cocktail - thanks to the cordial invitation by the Institute's Vice Chair, Ms Karen Cheung - and had interesting conversations with the Secretary for Transport and Logistics, Mr Lam Sai-hung, the Institute's Executive Committee led by their Chairman Lothiar Lam, and other guests from the transport and logistics industries.

Mr Lam Sai-hung, Secretary for Transport and Logistics HKSAR Government, and Ms Karen Cheung, Vice Chairperson of the Institute of Seatransport, pictured with Ms Carmen Li, Chairperson of WILAT HK (first form the left)

Membership Committee

The Hon Frankie Yick, GBS, JP, FCILT

Congratulations! The Hon Frankie Yick is awarded with the Gold Bauhinia Star (GBS) by the Chief Executive of the Hong Kong Special Administrative Region on 1st July 2023.

Mr Yick is awarded GBS in recognition of his exemplary contributions to the public transport and logistics industries over the years. He has extensive industrial and management experience in the public transportation and logistics industry, and currently he is a member of the Legislative Council of Hong Kong representing the Transport Functional Constituency. He was awarded with the Silver Bauhinia Star by the HKSAR Government in 2017 and was honoured as one of the distinguished alumni of the Outstanding PolyU Alumni Award in the same year.

CHENG Man-yea Sonia, CMILT

Miss Sonia Cheng is the Executive Director of Chung Shing Taxi Limited and Founder of SynCab. Sonia started her career in the taxi industry in 2011 and oversees the operations and digital transformation of the company which spans taxi rental management service, taxi trading, taxi maintenance and repair services. Sonia's dedication and innovative mindset has taken Hong Kong's taxi services to a new level. In 2015, she founded SynCab, Hong Kong's first multi-purpose taxi fleet that provides a high-quality and wheelchair-accessible taxi service for Hong Kong citizens, tourists and people with disabilities. She also developed partnerships to provide passengers with contactless payment option amidst heightened demand for good hygiene, and utilise data science to enhance the safety standards of the taxi industry. Sonia is driven to pursue projects and the use of technology to promote safe, affordable, accessible and sustainable transportation.

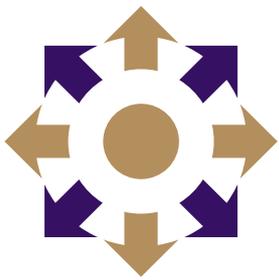

She now serves the CILTHK Council. Sonia won the CILTHK Young Achiever Award in 2016 as well as the CILT International Young Achiever Award in 2017. Sonia holds a Bachelor of Business in Innovation and Entrepreneurship from Victoria University, Australia.

Cliff SULLIVAN, FCILT

Mr Cliff Sullivan is a seasoned logistics veteran with more than 30 years of experience in freight logistics, 3PL, cross-border e-commerce logistics, and education. Cliff joined Easy-Way Logistics (HK) Limited (EWL) as Deputy Managing Director in 2020. His role is to oversee the strategic development of Easy-Way Logistics Group in terms of products, business, and network. Before joining EWL, Cliff was Senior Vice President of LF Logistics in charge of the group's air product and South China. Prior to that, he had held senior management positions with A-Sonic Logistics Group, a listed company in Singapore, Kerry Logistics, Jardine Logistics, and Tam Group. He served in the Hongkong Association of Freight Forwarding and Logistics (HAFFA) as an Executive Committee member from 2000-2018 and was elected as Chairman in 2015. Cliff was also a member of the HKTDC Logistics Services Advisory Committee from 2011 to 2013 and Logistics Development Council (Logscouncil) from 2015-2018.

Cliff studied Geography at Hong Kong Baptist University and holds a Master of Science Degree in Transport and Development from the University of Salford in the UK. He is currently a Visiting Lecturer at the Hong Kong Polytechnic University and also an Adjunct Assistant Professor at the University of Hong Kong.

Membership Committee

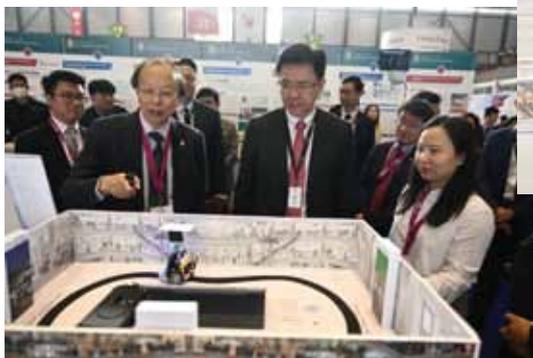

Congratulations to Professor Anthony Yeh's Innovation! 48th International Exhibition of Inventions

Prof Anthony Yeh, FCILT, Chair Professor of Department of Urban Planning and Design at the University of Hong Kong won a Silver and a Bronze Medal in the 48th International Exhibition of Inventions of Geneva on 28 April 2023.

(1) Smart Address Plates for Pedestrian Indoor Navigation and Location-Based Services and Management (Silver Medal)

Traditionally, pedestrian navigation uses Location Positioning System (LPS) with trilateration to find the user's position, which have very high positioning error for outdoor GPS and indoor positioning. This new solution adopts a cost-effective innovative Location Confirmation System (LCS) to accurately locate and guide the user to the destination by using Smart Address Plates (SAP) that transmit stored geographic coordinates with innovative 3D Smart Address (SA) codes to the users even without WiFi or telephone signals. This SAP system can help to find shops/offices/restaurants/car parking spaces inside a multi-storey building accurately while providing location-based services and management for precise target marketing. It is highly scalable, connecting shops/rooms on a floor to a building, then to a district and to the whole city through a Smart Address Plate Management System (SAP-MS).

The Smart Address Plates and Location Confirmation System were developed by Prof Anthony Yeh, Dr Zhong Teng and Dr Run Shi from the Department of Urban Planning and Design, The University of Hong Kong.

Prof Anthony Yeh (left) and Dr Run Shi (right) explaining the Smart Address Plates and Location Confirmation System for Pedestrian Indoor Navigation to Prof Dong Sun, Secretary for Innovation, Technology and Industry, HKSAR Government (middle)

Prof Anthony Yeh winning a Silver and a Bronze Medal in the 48th International Exhibition of Inventions of Geneva for his two projects

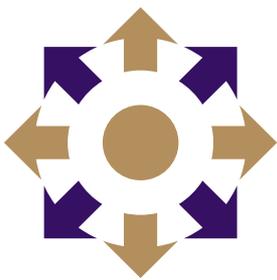

(2) Remote e-Inspection System for the Manufacturing and Delivery of Offsite Modular Construction (Bronze Medal)

This e-Inspection System is a Modular Construction Supply Chain Quality Assurance system that includes i-Core (an IoT device attached to each MC module to monitor the position, humidity, temperature and collision data), e-InStar (an App for uploading the checking result of each production step in a remote factory to the block chain), e-TranStar (an App for monitoring the location and condition of the MC module in the transport process) and a blockchain-based backend. Designed for offsite modular construction use to help solve housing problems, it reduces resources required for supervision and paperwork while ensuring tamper-proof data, helping overcome the current difficulties in monitoring the quality of production and transportation from remote sites. The system has been piloted in an HKU project in Hong Kong with two 17-storey buildings using 952 MiC modules.

The system was developed by Prof Wilson Lu, Director of the iLab of the Faculty of Architecture, together with Prof Anthony Yeh, Chair Professor of the Department of Urban Planning and Design, and Mr KL Tam, Former Director of the Estates Office of the University of Hong Kong.

Bronze Medal in the 48th International Exhibition of Inventions of Geneva for the Co-I's project Remote e-Inspection System for the Manufacturing and Delivery of Offsite Modular Construction (from left to right, Prof Anthony Yeh, Prof Wilson Weisheng Lu and Mr Liupengfei Wu)
